PROGRAMME

The purpose

of this project was to improve health and social conditions for 30 survivors of Roma Genocide from Ialomița and Giurgiu Counties, providing them support services and contributing to their societal recognition as a victim of Holocaust.

The objectives of the project:

- 30 survivors of the genocide of the Roma receive access to medical services and aids (hearing aids, glasses etc.) and are looked after. They are given hygiene products and food vouchers and are thus able to pay better attention to their diet and hygiene.
- The beneficiaries participate actively in social life and festivities and thus experience support from the community. Loneliness is eliminated.
- The beneficiaries profit from practical support in everyday life (work and minor repairs in house and garden, assistance with visits to public authorities, shopping, distribution of meals) through the involvement of 10 young Roma volunteers.
- The survivors are recognized as victims of National Socialism by their community and the local authorities. They can tell the younger generation and the Roma community about their lives. Spreading their histories of persecution (video, web-site) promotes understanding of their present needs.

DEVELOPED ACTIVITIES IN 2019

Activities developed during the project

Through projects` activities, we improved the survivors` every day life, their physical, emotional and social conditions, ensuring their access to quality health care services , providing them medical aids, food tickets, toiletries. Also we promoted an inter-generational dialogue and 10 young Roma volunteers were involved in providing moral and concrete support for the survivors.

➤ *Together with community nurses we periodically monitored their health status but also we identified some of their health problems . That is why during the project we provided them a number of: 18 canes, 5 hearing devices, 6 blood pressure cuffs, 1 walking frame.*

DEVELOPED ACTIVITIES IN 2019

5

- *For a better attention to their diet and their hygiene, we monthly procured and distributed them food tickets and toiletries.*

- *10 volunteers were involved in offering help to the survivors in domestic work, accompanying them where they wanted to go (doctor, shopping, city hall) . Also they were preparing and serving their meal and in the winter they take care of heating their room.*

DEVELOPED ACTIVITIES IN 2019

6

- *We promoted the intergenerational dialogue . In July, August and September 2019 we organized meetings in Fetești, Bolintin-Vale and Andrășești communities and we involved the volunteers and the survivors to tell them about the Holocaust.*

- *In partnership with Cultural and Social Research Center "Romane Rodimata" we elaborated video movie with survivors testimonies. We promoted the movie with persecution histories in every community and also to the final conference.*

DEVELOPED ACTIVITIES IN 2019

7

- *We organized the final conference on the 21st of September 2019 at the School Inspectorate in Slobozia, Ialomița county.*

With this project we managed to make known a part of the history of the Roma Holocaust, both in the communities where we implemented the project and in cities such as Bucharest or Slobozia. Also the fact that photos of our beneficiaries and the interviews they gave were presented to the August 2, 2019, Roma Holocaust Exhibition from Auschwitz-Birkenau and Bucharest, make us think that our work became more visible in a wider community.
